## Shadow-wrap Heel

Note: The heel is worked back and forth over 30 (30, 32) sts (sts on needles 1 and 2). Hold the instep sts on the needles, or sl them on a stitch holder or waste yarn if you prefer to keep these needles out of your way. Work shadow-wrap heel (check links in “Techniques used” for explanation of this technique) as follows:

### Row 1 (RS)

K to the last heel st (last st of needle 2), with the right needle, pick up the right leg of the st below the remaining st, lift the leg up onto the left needle, k the lifted leg and sl the st from your right needle to the left, now it looks like there are two sts coming out of the same k st (sometimes this is called a twin st), turn.

### Row 2 (WS)

P across until one st remains, sl the st from your left to your right needle, with the left needle pick up the “bump” beneath the slipped st, p the lifted strand, sl the purled st and the slipped st from the right needle back to the left, this is another twin st, turn.

### Row 3 (RS)

K across to one st before the twin st, with the right needle lift the right leg of the st

below the next st up onto the left needle, k the lifted strand, sl the k st from your right needle to your left, it's another twin st, turn.

### Row 4 (WS)

P across to one st before the twin st, sl one st, lift the “bump” below the slipped st with your left needle, p into the lifted strand, sl both the p and the slipped st from the right needle to the left (another twin st), turn.

Repeat Rows 3-4 until you have on both sides, the amount of twin sts for your size as mentioned in the table below

Size	S	M	L
Twin sts each side	10	10	11

### Row 5 (RS)

K to the first twin st, k both loops of the twin st together, with the right needle lift the right leg of the st below the next twin st onto the left needle, k the lifted strand and sl it from the right needle to the left, now you have a triplet st, turn.

### Row 6 (WS)

P across to the first twin st, p both loops of the twin st together, sl the next twin st to the right needle, lift the “bump” beneath the slipped twin st with the left needle, p the

lifted strand, sl the triplet st from right to left, turn.

#### Row 7 (RS)

K across to the triplet st, k the loops of the triplet st together, lift the right leg of the st below the next twin st onto the left needle, k the lifted strand, sl the k st back to the left needle, turn.

#### Row 8 (WS)

P to the triplet st, p the loops of the triplet st together, sl the next twin st from left to right, lift the “bump” under the slipped twin st, p the lifted strand and sl the triplet st from right to left, turn.

Repeat Rows 7-8 until there is one triplet st left on each side of the heel. The remainder of the sock is worked in rnds so move the

held sts back onto the needles. You need to work two final rnds to finish the heel.

#### Rnd 9

K to the first triplet st, k all the loops of the triplet st together, work in basic pattern over the sts of needle 3 and 4.

#### Rnd 10

K all the loops of the last triplet st together through the back loops, k all sts of needles 1 and 2, work in basic pattern over the sts of needles 3 and 4.

#### Rnd 11

K the sts of needles 1 and 2, work in basic pattern over the sts of needles 3 and 4.

Repeat Rnd 11 until you have finished the current basic pattern repeat.
